

Mermaid Powers

By Dolores Barber

Once upon a sea, under the waves was a mermaid called Wisteria. Wisteria has long purple and blue wavy hair all the way down to her violet and pink tail. She wears a shiny, bright yellow sunflower headband and a bracelet with lots of precious, sparkly shells that were given to her by her mum Peony the ruler of the sea. Wisteria's bracelet was very precious not just because her mum gave it to her because it had magical powers also Wisteria's very best friend was a pet dolphin called Hero.

Chapter 2 - The Ship

One day a big brown wooden ship was coming towards Wisteria. The ship had an orange pink flag. Wisteria liked humans and popped above. When her mother called her home of a flash a large, grey net came down and scooped her up. Her bracelet came off and landed on the bottom of the ocean. She was trapped!

Chapter 3 - Trapped

She was wriggling and wriggling but she could not get free. Her dolphin hero was nowhere to be seen because he was sleeping when the net with Wisteria in was pulled up onto the ship. All the sailors screamed Aaaagh. The sailors didn't know what to do with the mermaid so they sent her on a long voyage to see the wizard Manazeyazola.

Chapter 4 - Spells

When the humans arrive with the mermaid Manazeyazola said Oooh what have you got here my trusty servants. Iszaca the captain told him to turn her into a human so he could marry her. Wisteria started shouting NO NO NO DON'T but Manazeyazola had already started the spell and he started to put the ingredients into the pot:

- 1 slice of cake
- 1 slug
- 1 blackberry
- A finger of a human
- Blood from a dead mans toe
- A freshly filled tissue full of blown nose

As quick as a cheater running a mile the mermaid was now transformed into a young girl. She wore a pink wedding dress with a gold belt and sunflower buckle. Where her beautiful tail used to be now there were two plain legs with black velvety boots with fluff around the top. Wisteria screamed "What on earth have you turned me into" A human replied the wizard. "Now enjoy yourself". She ran out of the room crying into the garden with lots of poppies and buttercups.

Chapter 5 - Land of Sleep

When she ran through the flowers, she was starting to feel very tired. So she started to fall asleep. She shook it off and realised she was in the land of sleep.

She closed her eyes and thought of her magic bracelet when she opened her eyes and looked down at her wrist she saw that her magic bracelet was back.

Chapter 6 - Magic bracelet

Wisteria turned the field of flowers into the sea. The wizard was watching in his crystal ball and said "I have to stop her."

As Wisteria dives into the sea Manazeyazola grabs her skirt and they both fall into the water together. As soon as the magic bracelet touches the water Wisteria turns back into a mermaid and the mermaid's magic transfers the wizard into a little fish. She swam home as fast as she could followed by a little smelly fish then she gave her mum, dad a huge squeeze. Then Hero woke up and hungry, pleased to see his friend and grateful for the snack she brought him.
